NO LONGER VILLAGE.

A few persons of Portland have spoken facetiously of Astoria as a "little fishing village at the mouth of the Columbia." In her struggles through many years against giant opponents she may have appeared to be only a fishing village; a small town nestling at the foot of the hills overlooking the only deep water bay on the Columbia. She may have appeared insignificant, but those days are passing. Added to her canneries, her cold-storage plants, her machine shops and saw mills, and new plants of all kinds which are being constructed and others that are still coming, fishing will still go on and that, too, on a larger scale than ever before.

But she will no longer be called a fishing village, even by her largest opponent. Already Astoria is showing the effects of her new growth. The joint meeting of the Progressive Com-

The doctor sometimes passes a harder sentence than the judge. But the sentence of the doctor is more often set aside or overruled than is that of the judge. In the case of Mrs. Reycraft given below, the doctor sentenced her to about eighteen years of physical punishment and misery. But she rebelled against the sentence, and commenced the use of Doctor Pierce's Favorite Prescription. In a few weeks she was a well woman.

It's peculiarity of the cure effected by the use of Doctor Pierce's Favorite Prescription, that they are generally cures of chronic diseases. A woman suffers with diseases peculiar to her sex, she takes medical treatment, gets no better, and has no hope held out to her of improvement. Then in her discouragement she turns to Dr. Pierce's Favorite Prescription and finds a prompt and lasting cure. "Favorite Prescription" establishes regularity, dries unhealthy drains, heals inflammation and ulceration and cures female weakness.

"Four years ago my health began to fail," writes Mrs. Nellie M. Reycraft, of Glenwood, Washington Co., Oregon. "I had a very heavy dragging and weight in the region of the uterus, pain in back and loins, could not lift anything heavy, rest at night very poor, stomach deranged. The physician said I was overworked, another said I had congestion and falling of uterus. He treated me nine months and said I would not be well until I had passed the change of life. I was only twenty-seven years old then. I became discouraged, and began using Doctor Pierce's Favorite Prescription. Took a teaspoonful three times a day, began feeling better right away. Am using my third bottle now, and feel I am in good health. I believe Dr. Pierce's Favorite Prescription has restored me to health. If suffering women would give me a fair trial they would give it praise."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 31 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

mercial Club and the Woman's Club last evening was a valuable step along these lines.

Among the first things to give Astoria a city appearance is to beautify it, but to have a beautiful city and an unhealthful one is not so well as to remain a common fishing village. But to have a beautiful city and a clean one with good sanitation is what is desired. The initiatory steps have been taken and with women at the helm and men willing to aid in the movement it will be successful.

The unsightly buildings will be removed, a good sanitary system will be established, the immoral dives will be more isolated and Astoria will soon put on a new appearance—a real city appearance instead of that of a dirty fishing village.

There is nothing to stay her but the inactivity of her citizens.

The only remarkable coincidence in the attack of Mr. Wise on J. N. Williamson is that Mr. Wise is a Democrat and Mr. Williamson is a Republican nominee; and that all of the attacks made by persons for the "good of the home" and on "meat and bread" issues come from a member of an opposition political party to the one attacked. If Mr. Williamson was a good Democrat, or a "non-partisan citizen," it is claimed that Mr. Wise would not find fault with him. Mr. Wise is a good citizen, a successful business man and a good Democrat, and he is just about as enthusiastic in his politics as he is in business. It is hard to get that old "died-in-the-wool" out, Mr. Wise, but the coming election promises to close your old antiquated party out in this country.

There are hundreds of campaigners now finding things to say to make a hit in the present political contest. There is plenty to say about the "mongrel" cause but it is not worth wasting ammunition on them. They have all to win and nothing to lose. The best posted among them do not expect success; they merely encourage the pipe-dreamers and hop-dreamers and sick them on and then laugh about it. It is a good joke; that's all. What could the people expect to gain by electing a lot of masqueraders to office? In these days practical business men look behind the things they invest in to see what is backing them. The backing of the "non-parts" is the motto: "I want office!"

"If the Democratic papers would resort to the old custom of talking about high taxes and favored classes, in Clatsop county," said a prominent citizen yesterday, "they would do well to wipe their own record out first. Of all the high taxes and legal steals in Clatsop county, the record of the Democrats stands out boldest." Gentlemen in doubt about this may call at the court house and the records are not only there to show for themselves but individual cases may be pointed out.

Some miserable scribbler has attacked Senator Fulton in a little Willamette sheet. One learns from that sheet things about Mr. Fulton here at home that Mr. Fulton nor his friends ever heard of before. It is charged that Mr. Fulton has never done anything for his home county. The way in which Mr. Fulton stands with his home people and the confidence they manifest in him is sufficient rebuttal of all such statements made by a campaign fakir.

Personal journalism is a thing of the past. The editor who runs his paper as a "venter" or personal spleen will sooner or later drop out of business, if he is not run out. But the editor who has the honesty and manhood to champion the cause of right and truth will be on hand and see the good effects of his work when the vituperators are all gone.

You never heard of any one using Foley's Honey and Tar and not being satisfied? For sale by Frank Hart.

Many a candidate who regards himself a Clay during the campaign finds himself to be "mud" on election day.

HOLDS UP A CONGRESSMAN.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-round medicine ever sold over a druggist's counter." Overworked run down men and weak, sly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by Chas. Rogers.

Under the present condition of society wealth is a hard thing to gain and a hard thing to keep when it is gained.

ECZEMA

is due to the retention in the system of Uric Acid or other inflammatory poisons which find their way into the blood, and are forced by the circulation through the glands and pores of the skin, causing it to burn like fire, and the incessant itching allows no rest night or day. Eczema appears in a great many different forms, beginning frequently as a mere redness of the skin, followed by little blisters or pimples, from which a clear or straw colored matter oozes, forming into sores, scales or scabs; this is weeping Eczema, commonly called Salt Rheum. These acid poisons sometimes dry up the natural oils and the skin becomes hard and dry, often cracking and bleeding and causing intense pain and fearful itching. This form of Eczema is known as Tetter, and oftenest attacks the hands and feet. Unsightly eruptions in the shape of pimples and blackheads break out upon the face, neck and shoulders as a result of polluted blood, and this humiliating disease is called Acne. Local remedies afford but scant relief. The blood and system being saturated with the poison, the disease cannot be reached with washes, salves, powders or other local applications. S. S. S. restores the deteriorated blood to its normal condition, stimulates the sluggish organs, and all the waste matter is eliminated through the proper channels. S. S. S. makes the blood rich and strong, and under its tonic and invigorating effects the general health improves, and the skin becomes soft and smooth again.
